Gender for Excellence in Research (GenderEX) Project started in January 2021

GenderEX, a European Union Horizon 2020 project, coordinated by the Kadir Has University Gender and Women's Studies Research Center, launched in January 2021.

The overall aim of GenderEX is to further the adoption of a sex/gender dimension in all areas of research and across multiple scientific disciplines.

Project partners include three pioneer institutions: Lund University (Sweden), University of Genoa (Italy) and Technological University Dublin (Ireland).

Gender and Women's Studies Research Center, Kadir Has University (GWSRC-KHAS)

Founded in 1997 as a private non-profit institution, Kadir Has University (KHAS) is one of the leading mid-size universities in Turkey. More than 4,800 undergraduate students are enrolled at twenty-three different departments in the faculties.

Technological University Dublin (TU Dublin)

Technological University Dublin (TU Dublin) is Ireland's largest (28,000 students), newest (established on January 1, 2019) and most innovative university. It is the first technological university in Ireland.

Università degli Studi di Genova (UNIGE)

Università di Genova

The University of Genoa is one of the most ancient among the European large universities. UNIGE is a public institution provided with scientific, educational, organizational and financial autonomy.

Lund University (ULUND)

Lund University is Sweden's largest comprehensive research university. With eight faculties covering engineering, science, medicine, economics, social sciences, fine and performing arts, law and humanities, Lund University has a breadth of research and a strong cross-disciplinary approach to finding solutions to today's world problems.

OUR FIRST ADVICE CLINIC HELD!

Our first advice clinics program was held by Genova University in April 2021. GenderEX Advice Clinics sessions provide room for discussion over GenderEX Consortium's expertise and experience in research funding.

Our first advice clinic main goals are:

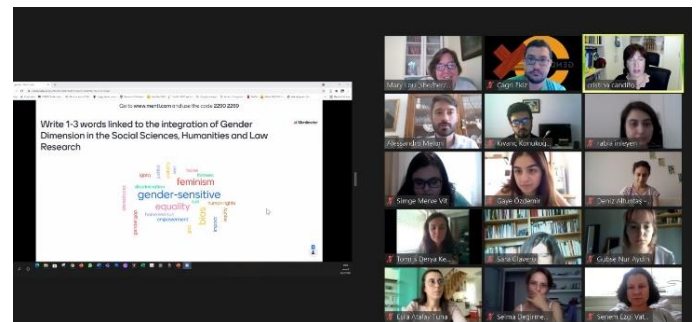

The advertisement features a central graphic with a megaphone, a gear, and a flask. Below the graphic, the text reads: "Applications for 'The Integration of a Sex and Gender Dimension in the Natural Sciences and Engineering Research' are now open!". At the bottom, it includes the hashtag #genderforexcellence and the GenderEX logo.

To share best practices for research management and administration, project writing and proposal preparation; to enhance participants' administrative and project management skills, project writing and proposal preparation.

GENDEREX TRAININGS HAVE BEGUN!

The first GenderEX project training "The Integration of a Sex and Gender Dimension in the Social Sciences, Humanities and Law Research" was held on July 2, 2021. This online training was aimed to further the adoption of SGDR across multiple scientific disciplines in Turkey on Engendering Research in the Social

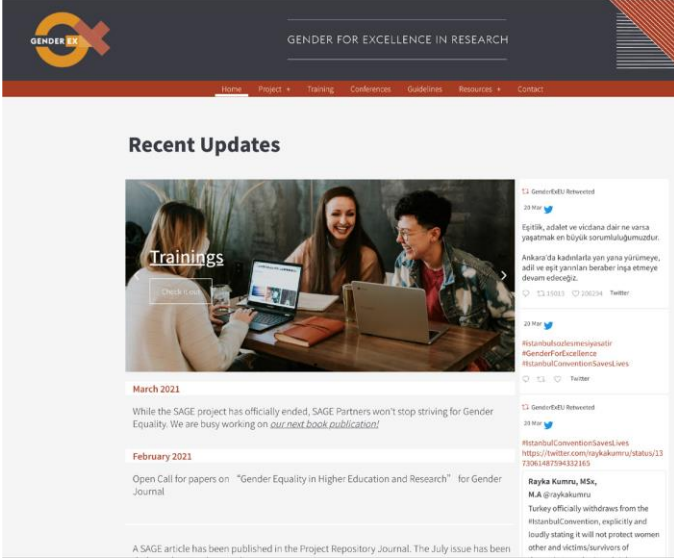

Sciences, Humanities and Law, targeted at ECRs in Turkey.

Both programs included an online workshop on the Integration of gender dimension in research, targeted at ECRs in Turkey. The workshop consisted of two 90 mins interactive sessions, with a Q&A section at the end. In both cases, the participants received an e-certificate for their contribution. These trainings were a small but significant step on the way to our more elaborate Gender School that will be held in October, 2021.

GENDER SCHOOL COMING SOON!

We are very much excited about our new event, the Gender School that will be held at the end of October 2021. This three day event will again focus on ECRs and hopefully give them an even deeper understanding of #genderforexcellence !

WEBSITE RUNNING SMOOTHLY...

The GenderEX Website (genderex.eu) has been running since April 2021, serving as a primary source of information regarding GenderEX's objectives, progress and outcomes with the aim of organizing the project information into a unified source of visitor's knowledge. According to the progress of the project, the content of the website will be continuously extended and updated.

You can now watch our brand new GenderEx video on our [website](http://genderex.eu) and on [Youtube](https://www.youtube.com/watch?v=...).

DATA PROTECTION TRAINING COMPLETED!

We held a data protection training session with our partners on May11, 2021. For the duration of the project, datasets will be stored on the responsible partner's IT system. Every project partner is responsible to ensure that the data are stored safely and securely and in full compliance with European Union data protection laws.
